## Profile

Cook Student with a desire to always learn and grow within the astonishing world of cuisine and nutrition. Management and Menu Planning are some of the tasks that nourish my problem solving ability.

## Experience

**WEB DEVELOPER, SELF EMPLOYED, 20012-PRESENT**

As a web developer I have been working on big projects that require databases and user interactivity. Currently Im working in a project called "78pueblos.com". The restaurant industry is part of this application I'm building.

**FINANCIAL TECHNICIAN, UNITED STATES MARINE CORPS, 2006-2010**

While in service I learned a great deal of team and leadership skills. I had the opportunity to supervise the work of 4-10 Marines at a time.

## Education

Culinary Arts at Escuela Hotelera de San Juan, Mayaguez PR      *Oct 2012 - present*

Bachelor Web Design & Dev. Full Sail Uni., Winter Park FL      *Nov 2010 - Aug 2012*

## Skills

Web Design, Web Development, Multimedia Editing (videos and audio editing).

## Referrals

Upon Request. My Chef Instructor is willing to put in a word for me and work.
